MX-Grand Prix Summer Series is a Success!

Epic battles, summer heat, and good friends! What more could you ask for during the MX-Grand Prix Summer Series? Finishing its fourth year, the MX-Grand Prix, continues to draw riders from District 36, MRANN, local MX racers, amateurs, and Pros alike. The rider count continues to grow steadily, and the series boasted a total of 6 races increasing from a mere 3 races just a few years ago. The series is just getting started!

Many of this season's battles will be decided at the last race of the series. With over 300 racers last year, the finale proved epic bringing together the historic combination of Estreet MX park and MMX racing. The combined 6 track course is an all-time fan and rider favorite. It will again bring some of the on-track excitement in this season's finale.

Trailblazer GP

Round 5 of the AMA/ District 36 GP series, The Trailblazer GP was hosted by the Women's Dirt Bike Racing Association.

The event was a huge success. Women's Dirt Bike Racing was the 1st all women's competition club in the United States to be sanctioned by the American Motorcyclist Association and District 36. The club is now 40 members strong. The event partnered with the Kurt Caselli Foundation for their course marking system. Notable this year was the incredible contributions of many of their teen members, who were involved in every aspect of the race from course design, sign ups, course sweeping, front gate, and more with adult members serving as their mentors.

Just For Fun

Did you ever wonder...

Why do buffalo wings taste like chicken?

On Saturday night I took the wife out for a few drinks. She pointed over at another couple sitting at a table and said to me, "Do you see that couple over there? He gives her a kiss every few minutes. Why don't you do that?"

I replied, "That sounds great, but I don't even know her."

.....and that's when the fight started

MX-Grand Prix Summer Series is a Success!

An MX-GP is a motocross track combined with a small amount of off-road sections keeping the course fast flowing. This is the draw for racers. Although off-road sections are used, the course is much different than the District 36 traditional cross-country courses. Giving the riders a different style of racing to enjoy during the summer months. Below are the enthusiastic comments about the fast-paced Summer Series. Quotes heard around the track include, "The 45-minute motos are perfect"; "I get a two hour break than I'm back at it"; "Love the motocross track with off road section combo" and "Love the flow of the track...the speed". Riders like the short definitive series and the race format. These one-day events with 45 minute motos, and several race times to choose from allow riders to squeeze racing into their busy weekends.

This year 6 races were shared between three venues: EStreet, MMX and Prairie City OHV. Next season the Ghostriders MC will be hosting a MX-Grand Prix bringing the total number of races to 7 for the 2024 season.

Peewee Riders Meeting

Leon

Leon Hannum, the District 36 MX GP steward, is setting the tone of the Summer Series as energetic, fun, easy and laid back. His passion for dirt bike racing and riding began as a kid in the desert of Southern California. Leon is often found running around the track taking pictures, greeting racers, and helping families in any way he can. His love for all the racing family is what makes him enjoy sharing his knowledge of the sport. As this series grows, Leon's enthusiasm for this style of racing will ensure the series success.

Finally, for those clubs or promoters that would like to host an MX-Grand Prix but may not have a scoring system, District 36 now has a scoring system in place and is ready to help.

From Leon, MX-GP Steward: - "CONGRATULATIONS TO EVERYONE FOR A SUCCESSFUL 2023 ... LOOKING FORWARD TO THE 2024 MX-GRAND PRIX SUMMER SERIES! ♦

SEE YOU AT THE RACES AND ON THE TRAIL!"

Dirt Track Steward's Report

The hot summer races are behind us and our fall races are here! We truly appreciate those of you who survived the hottest days of summer and showed up to race, regardless. We have a busy fall schedule with races every weekend through the end of our DT season on November 12th at Newman. We hope mother nature will cooperate for all these races!

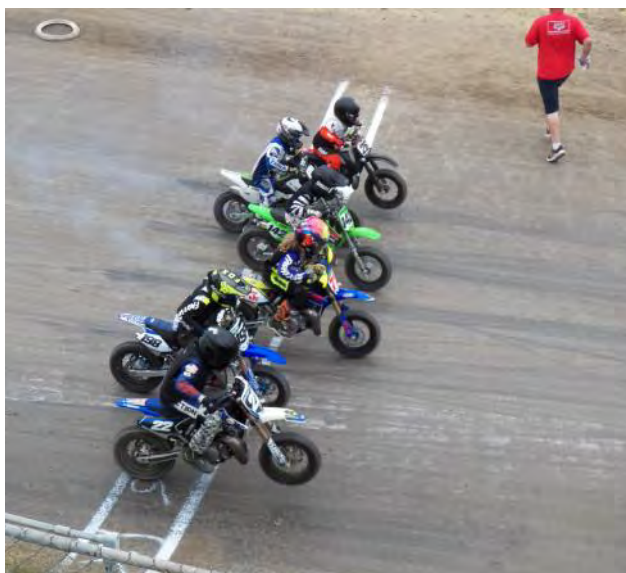

We have had a lot of good racing action this year – many of our series classes won't have a clearly established champion right up until the end of the season. Come on out and join in the action – whether you want to race or just spectate!

Please keep in mind that if racers have D36 series related questions or concerns, you should contact me directly on your own behalf (those age 18+). The parent of a minor racer can contact me directly on their own child's behalf. Our District 36 website has the "contact us" page, where you can find all the Steward, Officer and key Committeemen contact information. These are the folks who can best help you with the D36 information and rules. We all have regular jobs and busy lives like everyone else – so, we might not be immediately available when you call or email us. Please be patient and contact us again if we haven't gotten back to you after the first 3-5(ish) days.

Something to note – the series championship points are not the same thing as advancement points. This tends to confuse people who look at the series points and wonder why they haven't yet been advanced. Make sure to look at the advancement point lists – they are regularly posted on the D36 website where the series points are posted. Our committeemen carefully double check before they upload the lists, but you still might have questions or notice a mistake, so please contact us. Once the series is over and preliminary final standings are posted, it is each racer's responsibility to check your points and notify us if there are any issues, ASAP. We want to get the final standings at the end of the season posted promptly as possible.

Fast Times Promotions and Lodi MC have had "Pee Wee's ride for free" and "One free ride per day for Pee Wee 50's while funds last" at their races this year – don't miss out on taking your kids out to try track racing before this season is over. San Francisco MC has been a longtime sponsor for many of the free Pee Wee entry offers – we really appreciate this!

Fast Times has also been holding drawings at their races to give free entries for their upcoming races to random classes all year. Lodi MC has added a short track shootout at select races, where a chosen class will get an additional practice and a contingency prize given to that winner. Let's get out and show more support for these clubs and promoters who are giving back extra this year! ♦

See you at the track!

Trailblazer GP Race Report Continued.....

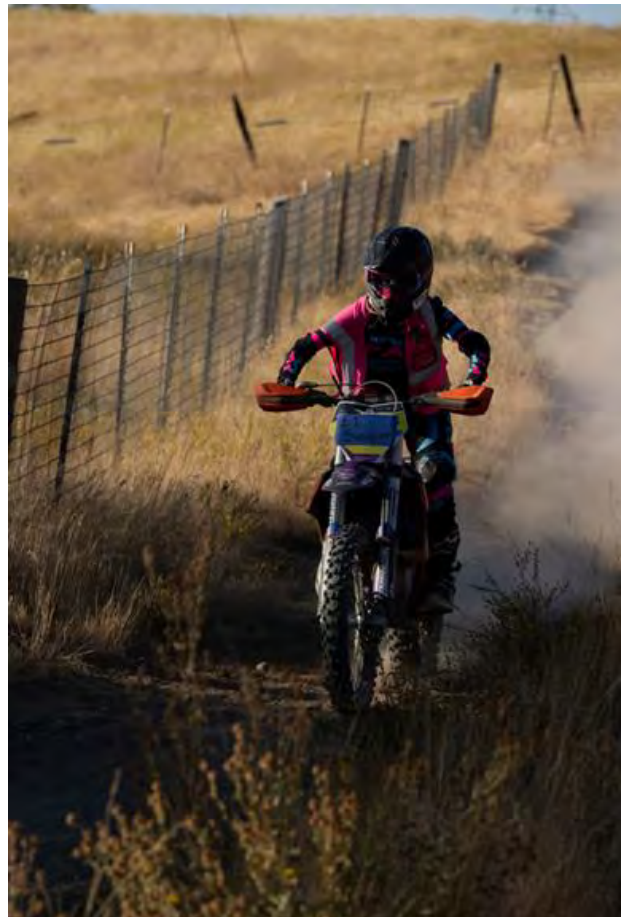

Round 5 of the AMA/District 36 GP series, The Trailblazer GP was hosted by the Women's Dirt Bike Racing Association. The event was a huge success. Women's Dirt Bike Racing was the 1st all women's competition club in the United States to be sanctioned by the American Motorcyclist Association and District 36. The club is now 40 members strong. The event partnered with the Kurt Caselli Foundation for their course marking system. Notable this year was the incredible contributions of many of their teen members, who were involved in every aspect of the race from course design, sign ups, course sweeping, front gate, and more with adult members serving as their mentors.

CB Marine Sponsored a \$500 AA Purse which made the last race really exciting and was one by Seth Saddora followed by Bryce Sumerall and Grayson Pringle. The race also offered free entries for 50 riders to encourage new youth riders to D36.

The club would like to thank all of their many volunteers, and family who worked incredibly hard over the hot weekend. A special than you to the Placer County Search & Rescue for providing medical sweeps for the race. Also a special thank you to all of our sponsors Sierra Motorsports, Superbike Showroom, Mojo, Honda, Kawasaki, KTM of Modesto, Merced Powersports, Rocky Mountain ATV, GOT, Essential Key Hypnotherapy, Kate's Real Food, IMS, Dirt Diggers North MC, Kutch Mobile Services, Off-Road Vixens, IMS, Duanes Body & Paint, CD Marine, & EMT Racing. ♦

Our Club Spotlight is on

Contrary to popular belief, the city of Lodi isn't known just for the Credence Clearwater Revival line "Stuck in Lodi Again". Ask the right long-time residents (or most any motorcycle racer) and you will learn that this once sleepy Northern California town has another claim to fame: The Lodi Cycle Bowl. The Lodi Motorcycle Club has been running races at the Bowl continuously since 1953. The Bowl had its 64th birthday in 2017 and the Club itself, AMA sanction #46, has held that sanction since 1937.

When U.S. Highway 99 was being built in 1947, the contractor chose an area south and east of Lodi to excavate for fill dirt. When the highway was done and the fill dirt had been extracted, what was left was a really big hole or "borrow pit" that has proven perfect for running racing motorcycles and still keeping the sound of the bikes contained and away from the neighbors. The Club paid the sum of \$2500 for the pit and the area around the pit, some 12.5 acres in total. Over the years, lights, fences, buildings and other amenities have been built and torn down and built again. The first set of lights was mounted on windmill towers! The track has seen many forms and versions but over the years most racers have expressed a desire for a ¼ mile short track and a TT track and those are the two primary tracks used now.

Probably the most famous racer to learn the art of backing 'er in at Lodi, and then taking that skill to the professional ranks, is Kenny Roberts Sr. Starting on air-cooled Suzuki motorcycles it was obvious from the start that Kenny had something special and he proved that first with GNC #1 plates in 1973 and 1974 and then 500cc World Championships in 78, 79 & 80.

Another Lodi alumnus is Chris Carr. The LMC archives have many pictures of Chris on 50cc bikes (go to Chris's webpage and look up "my first race"- he's just turned 6 and he's running a Lodi TT!), taking the first steps that have lead him to GNC #1 plates in 92, 99, 01, 02, 03, 04 and 05. ♦

Enduro Steward's Report

The fall season is about to take off. The Crazy Miner Family enduro was canceled for September but a new family enduro, the Li'l Hammer was added to the Jackhammer weekend. The flyers for the Coyote Creek Sprint enduros, the Jackhammer, the Cowbell, the Steam Donkey and the Barefoot are all posted on the District 36 website (and here on pages 26 thru 32). Keep your fingers crossed that mother nature does not intervene because all clubs are working hard on their events.

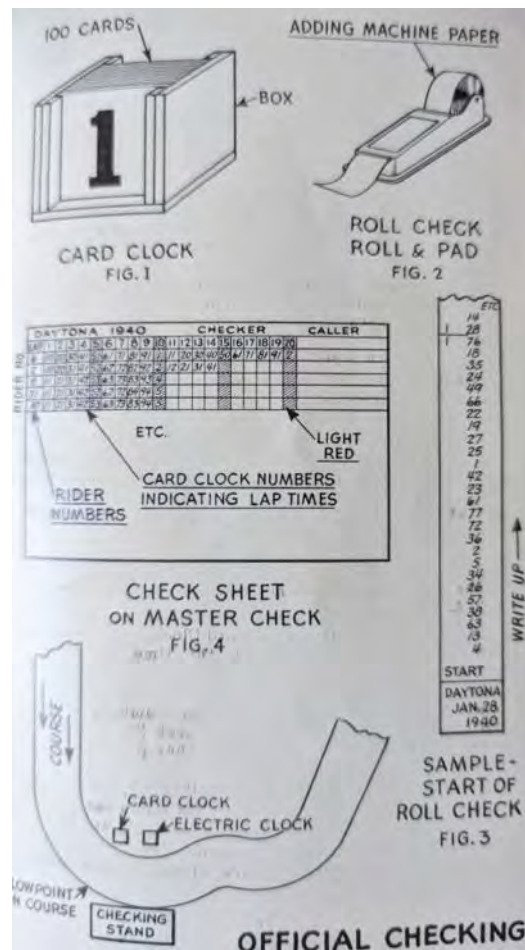

I picked up a 1957 copy of the AMA rulebook, I thought it would be fun to look at the way things were back then.

Note that it was required to have "No Smoking" on the course markings.

Looks like there was alternate check scoring methods that pre-dated "flip cards"

In 1956 there were only Dirt Track, Road Racing, Hill-Climb and Enduro (Endurance) National Champions. The National Champion was decided by one race, the concept of a National Champion decided by a series of races came later. All the winners were on Harleys or Indians.

District 36 Membership Information

Did you know?

- D36 memberships expire on the last day of the month/year that is noted on the card, not the first day of that month. (Noted in the small print on the card or renewal notice.)
- Membership expiration dates don't get set by the exact day of the month you bought the membership. (See D36 rule 2.3)
- If you renew your membership timely, the expiration date extends one full year.
- If you wait longer than one month after the expiration date to renew, the expiration date will adjust according to rule 2.3.
- When a membership remains "expired" longer than one full year, there is no guarantee that the same membership number can be reassigned when it does get renewed. (See D36 rule 2.3)
- Membership numbers that have been in "expired" status longer than one year are subject to 'release' and they become available for new members, or for any member who has submitted a membership number change request.
- D36 Cross Country racing rule 7.6.10 specifies that all unranked A and AA class riders will use their D36 membership number as their bike (racing) number. It also specifies that all three number plates on the bike will display the rank number or the D36 membership number. (Please do not badger the scoring team to get them to program your transponder to any different number and please don't run other numbers on your plates.)
- D36 membership applications that are not signed with the valid/legal signature cannot be processed until the correct signature has been acquired. (Everyone 18+ years old must sign their own application. 18+ year olds are no longer eligible to be included on a family membership, even if they still live at home.)
- Receipts for memberships are only valid for 40 days. (D36 rule 2.8) If you do not receive your card within 30 days from the date you purchased the membership, please [Email Cat](#) (Membership Director)
- There is a lot of helpful membership related information on the D36 website - www.ama-d36.org. Go to the 'Resources' selection under the "Members" heading at the top of the home page. Also go to the 'Join' or 'Renew' selection and scroll down below the online application for additional information.

ANNUAL SHEET IRON MOUNTAIN RUN

Start of run at Claude Salmon's H.-D. shop

By LEE NICHOLS

On the weekend of May 6 and 7 our club had one of the most eagerly awaited solo runs of the season. We had a swell turnout from the club and were joined by some riders from the Richmond M.C. and Acorns M.C. making 32 riders. We left Claude Salmon's shop at 6 p.m. Saturday for Sheet Iron Mountain up in the coast range. West of Willows.

On the new freeway by Fairfield there were a few derbies. This separated the motorcycles from the scooters. Those that still had machinery in operating condition continued up to Willows for the overnight stop.

After retiring early (2:30 a.m.) and listening to freight trains (our rooms being right on the right-of-way) until 6 a.m. we got up, had breakfast and rode up to the coast range. We had one stop at the beginning of the 22 miles of dirt road for gas. Then took off like the start

of Daytona. On the way up we each remembered that there would be plenty of snow at the summit. It being the custom for the first one to the top to greet the next man with a nice snow ball. The idea was to be first. The last man gets it from everyone.

There were plenty of spills and chills on the way up and the ride was enjoyable by everyone. There was too much snow to go clear to the top. We played around in the snow for a while and then came back down to the first restaurant on the road where we ate all of the food in the place. Then we returned to Oakland. Everyone was very tired but looking forward to another year and a repeat performance.

Copy must be in editor's hands by last Monday of month for next issue.

Bob Keys Takes Cowbell Derby

by John Nelson

photos by Kurt Bernard

The sixteenth annual Cowbell Derby promoted by the Hayward MC on November 11, 1962, opened the enduro season in northern California with a record of 179 entries.

Early in the fall, the enduro committee from the club could be found each week-end up in the Lake County area exploring new territory for the Cowbell.

This year the run was laid out in two loops. The first loop from start to finish for the lunch check was approximately 65 miles. The second loop was approximately 50 miles back to the finish.

Early November 11, the small town of Upper Lake began to hum. Trucks, cars with trailers, and solo motorcycles began to pour into the area. All club members had their jobs assigned to them. The overcast sky, a little fog and rain the pre-

vious two nights added a little spice to the long awaited hour of 8:01 a.m. when the first two men left the starting line. Official HMC starters were Ref. Cliff Peters and Lloyd Schneck.

Veteran enduro rider, John Nelson, left one hour before the first men to double check the marking on the course and check all watches at each check with the master clock. Forty miles out it was discovered that someone had removed the arrows from about seven miles of the course. They were quickly replaced, and the run was under way.

By 4:30 p.m. all 179 riders had been accounted for. All checkers were back at the finish line, and course sweeper, G. L. Nelson, had removed all the arrows and wrong markers from the course.

Reriding the event talk filled the Willows Cafe from 2:30 p.m. until around 6 p.m.

The event was run without incident. There were many compliments and praising words from the riders.

When darkness covered the small community that Sunday evening, all the cars and trailers, trucks, and solo motorcycles were heading for their homes, and Upper Lake town folks were looking forward to their return in 1963.

The annual Hayward MC trophy presentation dance was promoted by the Oakland MC at their club ballroom. Overall high point man, expert Bob Keys, received the Perpetual Cowbell trophy and high point trophy. There were twenty-nine trophies plus starter pins for all riders, and finishers' pins for all the finishers presented that evening.

100 Mile 49'er National Enduro

The rough terrain around Foresthill, California which is in the Sierra Nevadas, was the site of Polka Dots MC annual National Championship 49'er Enduro, on May 19, 1970.

The Polka Dots laid out a grueling 100 mile course for the nearly 700 entrants. Most of the riders commented that the run was extremely well marked. Also, a flagman was on hand at all high-way crossings to ensure competitor safety.

Many of the entrants, expecting a dry, dusty run, were quite surprised when it rained the entire night before the start.

The first difficult area was a quarter of a mile from the starting line — a mud-hole right hander, bordered on the left by a slippery log. Further on, the riders had to battle tricky right handers, gooey ups and downs and fast, but bumpy, straights.

As the day wore on, the sun dried the course and the riders soon found better traction to complete the remainder of the run, which included many stream crossings, hard to climb hills and stretches of forest. Even though things got drier, the course took its toll of competitors — only 100 riders finished the run.

After the exhausting event, the riders were served hotdogs and hamburgers by a local Girl Scout troop, while the scorers busily checked scorecards.

Husky mounted John Nelson dropped the least number of points (29) to be the afternoon's Grand Champion.

Big Time Speedway Cancels District 36 Race

Big Time Speedway has withdrawn it's races from the District 36 Championship series for 2023. While we don't like to see this we will hopefully welcome them back in 2024.

District 36 News

Visit Our Website

If your looking for official District 36 information your first stop should be the District 36 Website, the official source for answers and information. To be sure, Social Media has it's place as you will find meet flyers and other information posted by District officials. However, for example, if you have a specific question about a competition rule you'll find a link on the front page of the Website to "Competition Rules". Here you will find a list of links to the District 36 Operations Manual (aka rulebook), a link to the AMA Rulebook, links to D36 Cross Country, Enduro, Grand Prix and Speedway (Dirt Track) supplemental rules. Supplemental rules are specific to each discipline that are generated by each discipline Steward.

Looking for information on the ISDE program; our Sponsors; Contingency Programs (get paid to race); Right To Ride (our LAO Program); Joining D36; member resources; meeting information, such as dates and meeting minutes; D36 bylaws; Promoter information such as referee report, protest forms, Chartering with D36 etc. The list goes on.

So it really pays to check out and learn about the District 36 Website. Go take a look around and if all else fails finding what you need on the website, you will find a link to the Board of Directors and a link to "Contact Us" where you will find contact information for all the D36 Officials (not including the Committeemen that are field officials), ♦

Help support the District 36 Riders Attending ISDE

Each year some of the best racers in District 36, your fellow competitors, are selected to attend the International Six Days Enduro. They have worked hard to earn the privilege of representing the United States at this most prestigious international competition event. This is a costly endeavor and these riders could use our help. District 36 has a long established "ISDE Fund" that is supported by donations, with all the money in the fund each year evenly distributed between current District 36 members competing in the ISDE.

Donate

Please consider donating what you can to the District 36 ISDE support fund. These competitors are not only representing the United States but District 36 as well! 100% of all the donations collected are evenly split between the qualified riders making the trip.

Trivia:

Hollywood actor Steve McQueen and his friends Bud Ekins, Dave Ekins, Cliff Coleman and John Steen represented United States at the 1964 ISDT held in East Germany.^[4] This would be the first United States team ever, organized by John Penton.

Privacy Statement: When you donate your personal information will NOT be shared in any form or used for any mailing lists and/or distribution of any promotional material or advertising.

COURSE:

- * All roads and trails used in this course are subject to travel by non-contestant vehicles. Extreme caution must be used by everyone. Watch for flagmen and signs indicating intersections.
- * Stay on the marked course at all times. If you break down stay with your bike on the course. The entire course will be swept. The sweepers will see to it that you will get back to camp.

CAMPING/PARKING:

- * USFS Travel Management policies include new parking restrictions, which will be strictly enforced. Parking is allowed in designated areas only. We will do all we can to help you comply with these regulations, which may include asking you to move your vehicle.
- * Free primitive camping is available throughout area near sign-ups. Please obey posted Forest Service camping/parking guidelines.
- * Camp fires may be controlled by Forest Service. A campfire permit is required. You may obtain them online at <http://www.preventwildfire.ca.org/Campfire-Permit/> or you might get lucky and find a Forest Service person on site who can give you one, but don't count on that. Please obey posted signs. Bring a shovel and make sure if you have a fire it's out when you leave your camp.
- * Please pick up your trash and take it home. We would like to thank each and everyone that attended our past events for your excellent cooperation in keeping the area clean and following the rules of the forest.

DIRECTIONS: If the weather is wet, watch out for slick roads. Watch for logging trucks on the narrow road in.

Want to Contact A District 36 Official? Here's how.....

District 36's Riding and Racing programs are operated by volunteers. (We do not have a business office with staff.) We do our best to answer all email communications and return telephone messages as promptly as possible, but sometimes it can take a few days for us to get back to you, especially on weekends having meets. Please be considerate of the time of day/night you call these personal telephone numbers of our volunteers found on our [Contact Page](https://ama-d36.org/). Most answers can be found on our website at: <https://ama-d36.org/>

Please note: For those of you who use Gmail – if you email those of us who use a different email service, our replies to you may be getting routed to your junk/spam folders. Please check there if you are waiting to hear back from any of us.

Looking For A Club Or Promoter To Get Involved with? Well Look No Further than Here:

<https://ama-d36.org/promoters/clubs-promoters/>

It takes a lot of effort to promote meets and new members or volunteers are always welcome...No experience needed. The plus side is that by helping to put on a meet you will learn the workings and why things are done the way they are, subsequently giving you an advantage when competing! AND...you earn “work” points!

**KEEP

FOLLOW
THE RULES**

Looking For The Rules To Follow?

All the different rules (2023 rulebook; CC, Enduro & GP Supplemental rules; etc.) can now be found on our website in one location:

<https://ama-d36.org/d36/competition-rules/>

Have A Rule You Think Needs To Be Added Or Changed?

The District 36 Operations Manual is a rulebook covering District 36 Procedures and Competition. Procedural rules are decided on by the District 36 Board of Directors and rules governing Competition are decided on by the District 36 Active Members (Clubs and Promoters).

Do you, as a current member of District 36, have a rule proposal you want to get submitted? If so you will need to fill out a Rule Proposal Form and submit it to the appropriate steward....CC rules to the CC Steward, Jeremy Carlin, Enduro Rules to the Enduro Steward, Bruce Hendrickson, and Dirt Track Rules to the Dirt Track Steward, Carter Fisher. If your proposal is not discipline specific or applies to all disciplines you will submit your proposal to the Rules Chairman, [Bill McGibbon](#) and the Director of Competition, [Jeff Irwin](#).

We have rules for Rule Proposals and it's recommended

that if you're submitting a proposal you review the current [District 36 Operations Manual](#), section 1.6 Rulebook

The Rule Proposal form is editable (Download it first then you can fill it out on your computer and “save as”) or print them and fill them out by hand. To submit your proposal:

- Submitter must be a current District 36 Member.
- Fill out a [Rule Proposal / Change Form](#) completely.
- Submit the proposal by one of the following :
 - ◇ Send the proposal electronically to the appropriate person. You will find a list of steward contacts on our [District 36 Contact Page](#).
 - ◇ Hand it to a Steward at a meet.
 - ◇ Hand it in at a monthly D36 Meeting
 - ◇ Mail it to District 36 (see contact page)

*** Rule Submission Deadline—Oct 15**

Rules submitted and approved take effect the following year
