**HAPPY
HALLOWEEN**

Am I Dreaming, Or What?

Did it Really happen? Did 2020 really happen or are we in a bad dream. Well it seems that it did, in fact, happen and not just to us but racing throughout the world as numerous local, national and international events got sidelined by this COVID-19 virus.

There has been a lot of discussion on both sides....was it really necessary to close everything down or was it not necessary at all? The fact of the matter is, what difference does it make at this point? Lots of race and OHV bikes stayed in the garage during the shelter-in-place orders that came out to stem the spread of the virus but Racing and Competition events are coming back, albeit slowly. Make no mistake, while we're not out of the garage yet, District 36 and our Clubs and Promoters are hanging in the pits just waiting to bring back a full schedule. Yup, it will come back slowly as our government "dips it's toes in the water" but back it will come.

Throughout these trying times your District 36 officials have been working in the background to keep the business end of this organization running along above an idle speed in preparation for the "Lets Go Racing" flag to fly once again. And our hope is that our members have taken this time to clean out the garage, clean and rearrange the tool box, spruce up the RV, trailer or truck, and get that scooter in top condition for the call of the track, woods, desert or wherever your preference takes you. It's coming....you just wait and see!

~~~~~  
Lets Recap Our Year.....

The first four rounds of the Cross Country series ran then the next seven rounds cancelled. As of this writing....through some fancy footwork, MMX Racing added a race in the fall to run Oct 24-25, The Lilliputian got a new location at Riverfront MX in Marysville (no meets in state parks), Fort Sage moved to November 14-15 (replacing Blue Mountain HS) and we're still waiting to see what the Wilseyville gang is doing. So if this all holds we'll wind up with an eight race series. It has been decided by the CC Steward to consolidate and have one series for the year as opposed to the split series for the B & C racers.

The GP Series started with five meets and while three cancelled, MMX Racing stepped up again and added a race to make it a three race series!

The Enduro Series took the worst hit and fell apart after only one meet, The Wild Horse Sprint Enduro in March. At this point the Enduro Steward did "cancel" the series for the year but all is not lost. As of this writing there is still one Enduro, the Bearfoot Family still listed on the schedule and JD has assured us that advancement points will be paid on any meets that run.

The lads that race turning left (Dirt Track) have tried to hold their series together but had to start postponing before the first race got off. They finally did get three races off starting August 8th before they ran into a snag with the County about group gatherings (they did have the OK initially but as often happens with the government something went wrong and they were unable to run the next one on the schedule). Fortunately they got it worked out with the county and the next two races did run in September. So with four more races yet to run, the Oval Gang did an excellent job of working with the County Health Department to be able to finish out the series with a total of nine races. Although a shortened schedule, hats off to Lodi MC for making it happen!

And there you have it!

# Grand Prix Racing In District 36

The New District 36 Gran Prix got off to a rocky start this year with only three meets running (see listings below).

This was no fault of District 36 and certainly no fault of the Promoters that had to cancel due to venue issues and state restrictions about what or what not could be done as the COVID 19 Pandemic hung heavily over our state. These restrictions continued to be updated, changed and then changed again through the summer months, and the end result was a thin series with only three races running. Thanks to Jerrad "Fish" Fisher, owner of MMX Racing for stepping up and running a second GP to give our District racers another opportunity to "Get out and Race"!

It's a good guess that 2020 was not the year to start a new series....But, Who Knew? And now with the wild-fires in late summer on top of the ongoing pandemic the fall season for Enduro's and Cross Country's is not looking so swell.

Recommendation: If you have any plans or desires to get out and race or ride, for the most up-to-date information check the [District 36 Website](#)

# Chaplain Fred

## *A Message from Chaplain Fred!*

Hello District Family!

I sure miss seeing you all at the races and want you to know that I love you all and that I pray for you in my prayers.

As I watch the news and hear what some of our leaders are saying, I feel they are trying to control us by using fear. I know this Covid-19 is deadly and we must obey the CDC guidelines and make every effort to protect others, instead of just thinking of ourselves.

But, using fear to control us and give power to themselves is wrong. The Bible says in 2<sup>nd</sup> Timothy 1:7: *“For God hath not given us a spirit of fear; but of power, and of love, and of a sound mind.” (KJV)*

God has blessed District 36 because they have invested in the family and have made the youth and women’s programs as important as the rest by putting family values as the most important part of D36’s racing programs. By respecting family values, we are honoring God with our race prayers, we honor our flag and we honor our nation.

Currently, I feel like our leaders want to divide us, one against another. The Bible says a house divided against itself cannot stand, but will fall. We must work together and remember what got us here – the people who worked so hard over the years to build D36 to be better than all the other districts in the AMA.

Let us continue to honor the family unit and put others first, above ourselves. With all the trials we’ve faced this year – the pandemic, forest fires, protests, heatwaves, etc. – we need to police ourselves and cooperate by doing what is best for the whole, instead of only doing what is best for ourselves.

Many of our D36 family members have lost a home, a family member, had a serious illness or suffered other tragedies this year – let us not give prominence to some, while neglecting to acknowledge the others. We are all of equal importance in God’s eyes.

When there are so many others out there against us, why should we keep fighting amongst ourselves? God has taught us that what one sows, one shall reap. He has shown us that working together, we can get through tough times much easier.

I want to thank all our past and current leaders for all the hard work, the miles traveled and for the long hours that have been put in to keep our district going – so often with little thanks from the rest of us. Remember that Jesus said that as we measure out love for others, the same will be measured back to us.

Thank you all for allowing me to say and share with you what is in my heart, for I pray for and love you all.

As always, please remember God loves you and has a plan for your lives.

See you at the races!

## Enduro Stewards Report

I first came on as a District 36 Enduro Committeeman in November of 1997. I got the nickname of Clock Boy. As it was my task to haul the new (well 2 year old) Enduro clocks to all the Enduro events. Over the years I have also held other positions with District 36. Sanction Steward a few times plus as a BOD member for many years. I must state that this year has been the weirdest, annoying, frustrating and a few other words I just should not write since I have been on board.

With the Pandemic, Protests, Riots, Murder Hornets, Mega Hurricanes and Historic wild fires what else is in store for us before this year times out. All I want is my flying car. It is getting closer but back at the 1967 world's fair (year might be incorrect) it was estimated we would have them in 20 years. Yes I am old.

Well onto Enduro stuff. As you may have seen the District 36 Enduro and Family Enduro Championship series was cancelled. Yes that was me. I did have backing from most of the BOD. As the events progressively cancelled it just got to the point that it really was not a series anymore. Advancement points will be awarded to any Events that do get to run. We had one, The Wild Horse Sprint Enduro. The 49er has not cancelled yet (as of 9/13/2020). Last I heard from RRMC (Bearfoot FE) they had resubmitted their permit and are awaiting a response.

Some of the Enduro Clubs have not been able to run events for a few years in a row now due to the 2018 fires, the pandemic and now the fires of 2020. Please support these organizations when they finally do get to hold their events.

The schedule for 2021 is in the works. There might be a new event or 2. I am hoping to have the complete 2021 schedule set up by November 1st at the latest.

You all stay safe. This brisket is done please turn off the smoker. JD

## District 36 Memberships & Renewals

Hello everyone!

With our 2020 racing seasons being so “out of whack” because of Covid-19, there are many of you (hundreds) who have let your D36 memberships fall into ‘expired’ status since last winter.

With racing resuming this fall, even if on a limited basis, when renewing your memberships, please be aware that your renewal might be coming in at the same time that hundreds of other people typically renew their memberships during the fall season. This may create a heavier workload of membership applications that need to be processed. Please consider renewing now, instead of waiting until later.

For those of you who received renewal notices back prior to June/July of this summer, please note that the self-enclosed envelope with the PO Box 292897, Sacramento address is no longer a valid address. Please **do not** use that envelope to mail in your renewal, as the USPS forwarding service is extremely slow and quite often, the forwarded mail never does arrive at the new address.

**The correct mailing address for D36 Memberships is: PO Box 2076, Rocklin, CA, 95677.**

Please consider renewing your memberships online, instead of by mail – that will help get your application processed more quickly and with that, for now, you will receive an emailed receipt from PayPal that verifies your membership has been renewed and is current. (If you renew by mail, you don’t get a receipt for proof that you’ve renewed to take to the races with you.)

Another item to be aware of is that if your membership has been expired longer than one full year, you may have lost your last D36 membership number. Expired membership numbers do get released (approx. every 18-22 months) and there are no guarantees that a former membership number can be reassigned to you when you renew an old, long-enough-expired membership. (Membership numbers cannot be researched, promised or assigned prior to a paid membership application being submitted.) If your membership has only been expired for a couple of months to 12-14 months, your membership number is still linked to your name and you will still have that number upon renewal. (Please only check to verify your membership number after you’ve submitted a renewal for a membership that was expired longer than 12-14 months.)

For more information about D36 memberships, please go to [www.ama-d36.org/d36/membership](http://www.ama-d36.org/d36/membership).

Good news! Soon, we will be upgrading to a new membership system that will allow for digital membership ‘cards’, as well as several other modern membership and race related options for all of our members, clubs, promoters and D36 officials! Please be patient as we work to transition all the “old” to the “new” – this will be quite the venture for all of us!

We look forward to seeing you again at the races!

Jill Patterson

D36 Membership Director

## Where Is My District 36 Membership Card?

From the date you apply for or renew your D36 membership, if your card does not get back to you by the 30 day mark, please contact: [d36memberships@att.net](mailto:d36memberships@att.net).

Always read all of the instructions and fill out the application completely, so that your application can get processed timely. Always save your receipt. Always allow enough mailing/processing time to get the card back before you need it.

If Applications are: too sloppy to read; missing a full mailing address; missing your contact phone number and email address; missing the correct signature; or, if they have not yet been given to D36 from the clubs . . . there may be a delay in receiving your membership card.

# Sportsmanship

by Jerry Fouts

What is sportsman Racing? A lot of us have heard the term sportsman that is sprinkled through both the AMA and D36 rulebook. Sportsman defined is: a person who exhibits qualities especially esteemed in those who engage in sports, as fairness, courtesy, good temper, etc. These qualities are something we all think we should have, but may not necessarily exhibit. Racing is a very competitive endeavor, involving mass amounts of time, money, perseverance, and passion. Motorcycle racing is not for the faint of heart or the empty of wallet. And sometimes the passion and or pressure to achieve success overrules common sense or should I say sportsmanship.

The brutal truth is that very very few of us will ever be skilled enough to make a living at Racing Motorcycles. So sportsman Racing (fairness, courtesy, good temper, etc;) is really what we are all involved in like it or not.

At the end of the day, or a year, or, decade, the thing that really matters is the experience. Not the trophies, plaques, or jackets sitting in the attic collecting dust. It's the memories and stories of those hard fought battles, the perseverance to overcome finishing despite flat tires, injuries, and mistakes. Competition forges relationships that last forever. Trust in your competitor is such a special thing, and it can be so very rewarding, and really add to the Racing experience. At the end of that day you may hate THAT guy because he beat you, but you loved the race with him. You blew the corner and he laughed at you as he flew by, and you yelled "sucker" at him when you brake checked him before the Long straightway.

I even taped up the ankle of my biggest competitor before Wilseyville so he could attempt to beat me that day. I can't remember who won that race but I remember his Dad and wife being so appreciative that Cloyse Holland and I could be such good friends off the track, but be such tough competitors on the track. True sportsmanship. Now that I have raced (and continue to race) for over four decades I have seen what the outcome of sportsmanship is. That outcome is the forging of character born from all of those experiences. The hurt, the victory, the perseverance, the toughness, the life Long friends, and most of all the experiences. Now you know what sportsman Racing is REALLY all about .

## OPINION

### WILDFIRES CATALYST FOR CHANGE

It seems right now that everything is upside down. Growing up in Northern California in the 60s/70s, there were busy timber towns that employed a lot of people with well-paying jobs - I know because I worked in one of them. Now many of those communities are ghost towns that are surrounded by federal timber land where the trees, wildlife, and property owners have been - or are waiting - for one of the current wildfires to burn them out.

Outdoor enthusiasts who have had their homes destroyed or a forest closed to all public access by the ongoing firestorm now have a better understanding of just how important forest health fuel projects - such as logging, mastication, prescribed fire, or fuel breaks - are as active management tools to help protect recreation facilities and other structures from intense uncontrolled wildfires that burn mostly in the summer and early fall.

Many of the same regulatory agencies such as EPA and CA Air Resources Board that govern vehicle engine emissions also have regulations that, for the most part, functionally eliminate the meaningful use of prescribed fire to address excessive fuel loading on Forest Service, BLM, state, and private lands. While there has been some movement by state and federal government officials to support and fund mechanical forest health fuel projects in the West, many of those efforts are often blocked due to political opposition or litigation.

As some of you know, I serve as a volunteer on a Forest Health Collaborative in Northern California in an effort to try and find common ground with other stakeholders on fuel projects that could help reduce the threat of uncontrolled intense wildfires.

It's my hope that I live long enough to see some common sense brought back into the environmental equation. Maybe the deadly 2020 Wildfire Season will be that

### SUNRISE

Something about a new day has a special ring to racers, the calm before the storm, the promise of something new and positive, and the sheer sense that it's going to be better today. I don't know how many folks out there don't wake up in the morning with that feeling but I know that racers, all racers understand that feeling. Whether it's sitting by the campfire, driving, or getting ready. The calm still feeling of a new day is so special.

In the calm of the morning your mind can go to a special place (no not the happy Gilmore special place). That place is, to each of us, a place of our choosing. One that has you winning, or one that has you making calm rational decisions, or maybe one that lets you shed all the layers of the last weeks trappings to truly reflect on what is important to you (besides winning of course).

So like the Beatles said "Here Comes the Sun....it alright". You are alright

## South Bay Moto Performance

### Local Racing Family Starts Up A Moto Related Business

My Name is Steve Boardman and, along with my family have been racing District 36 for many years and have, for the longest time wanted to open my own "moto related" business. Now a unique and extraordinary opportunity has presented itself, and the time has finally come. Stacy and I are kicking the doors open on our new "start-up" business called [South Bay Moto Performance](#). SBMP is the exclusive Distributor for all Two Stroke Performance parts sold in the US. TSP is based out of Australia, and they have been growing at warp speed, and was looking for an exclusive US distributor. Dave, the owner at TSP, has been tuning and building the highest performance two stroke race engines on the planet for many years. Most recently he has been able to develop a proprietary process to access the stock ECU of the modern day KTM and Husky two stroke TPI bikes. This allows us to be able to modify the fuel, ignition and oil maps that control these high-performance fuel injected motors. We pair the new performance mapping with a custom designed TSP billet head for the most incredible bolt on "Power Kit" on the market. We offer multiple head options to match any riding style and preference. Race or trail, hard enduro or high elevation, TSP has got it covered. This is truly a cutting-edge performance modification that takes a great bike, and makes it even better, adding significant power gains to the low and mid-range powerband, without sacrificing wide open throttle over-rev. I have run the TSP kits on multiple bikes over the past two years, and I can honestly say, it's been the best bolt on modification for the money that I have seen in my 30 plus years of riding and racing off road motorcycles. I am excited to say the least. We also offer billet heads for the carb models as well.

Give us a call: 408-459-8794 or send us an email: [info@sbmotoperformance.com](mailto:info@sbmotoperformance.com)

And most importantly, get out and ride and stay safe.

## MOTORCYCLE FRIENDS VS. OTHER FRIENDS

**OTHER FRIENDS** Never ask for food.

**MOTORCYCLE FRIENDS** Are the reason you have no food.

**OTHER FRIENDS** Bring a bottle of wine to your party.

**MOTORCYCLE FRIENDS** Bring enough for everybody, help make the food, then stay to clean up and sleep it off afterwards.

**OTHER FRIENDS** Will come to your house warming party.

**MOTORCYCLE FRIENDS** Will help you move in and move out and party both times.

**OTHER FRIENDS** Call your parents Mr. and Mrs.

**MOTORCYCLE FRIENDS** Call your parents Mom and Dad.

**OTHER FRIENDS** Have never seen you cry.

## Looking For A Club Or Promoter To Get Involved with? Well Look No Further than Here:

<https://ama-d36.org/promoters/clubs-promoters/>

It takes a lot of effort to promote meets and new members or volunteers are always welcome...No experience needed. The plus side is that by helping to put on a meet you will learn the workings and why things are done the way they are, subsequently giving you an advantage when competing!

**KEEP  
CALM  
&  
FOLLOW  
THE RULES**

## Looking For The Rules To Follow?

All the different rules (2020 rulebook; CC, Enduro & GP Supplemental rules; etc.) can now be found on our website in one location:

<https://ama-d36.org/d36/competition-rules/>

## Have A Rule You Think Needs To Be Added Or Changed?

The District 36 Operations Manual is a rulebook covering District 36 Procedures and Competition. Procedural rules are decided on by the District 36 Board of Directors and rules governing Competition are decided on by the District 36 Active Members (Clubs and Promoters).

Do you, as a current member of District 36, have a rule proposal you want to get submitted? If so you will need to fill out a Rule Proposal Form and submit it to the appropriate steward....CC rules to the CC steward Lance Doyle, Enduro Rules to the Enduro Steward John Davis, and Dirt Track Rules to the Dirt Track Steward, Carter Fisher. If your proposal is not discipline specific or applies to all disciplines you will submit your proposal to the Rules Chairman, Bill McGibbon and the Director of Competition, Jeff Irwin.

We have rules for Rule Proposals and it's recommended

Rules submitted and approved take effect the following year

that if you're submitting a proposal you review the current [District 36 Operations Manual](#), section 1.6 Rulebook

The Rule Proposal form is editable (Download it first then you can fill it out on your computer and "save as") or print them and fill them out by hand. To submit your proposal:

- Submitter must be a current District 36 Member.
- Fill out a [Rule Proposal / Change Form](#) completely.
- Submit the proposal by one of the following :
  - ◇ Send the proposal electronically to the appropriate person. You will find a list of steward contacts on our [District 36 Contact Page](#).
  - ◇ Hand it to a Steward at a meet.
  - ◇ Hand it in at a monthly D36 Meeting
  - ◇ Mail it to District 36 (see contact page)

**\* Rule Submission Deadline—Oct 15**

Don't take criticism from anyone you would never go to for advice

For 2018, District 36 has partnered with the Rocky Mountain ATV/MC Race Gas program. This program enables you as a District 36 member to receive a free \$10 Rocky Mountain Race Gas Gift Card credit for EVERY meet you ride this year! This includes...

**Cross Country ♦ Enduro ♦ Family Enduro ♦ Dirt Track  
Dual Sport ♦ Special Events!**

How it works...

To Join the program and receive your free Rocky Mountain ATV/MC Race Gas Gift Card credit you must register with your name, address and email with District 36 (link below). If you have multiple racers in your family, sign them all up using the same email address so you can combine cards! By registering you give permission to District 36 to share this information with Rocky Mountain. Rocky Mountain will only use this information to email your free gift card Credit.

Once registered there is nothing more for you to do except go race, have fun and enjoy the savings your gift card credits will generate for you! Each time you enter a District 36 meet\* your name will be submitted to RMATV/MC and you will be emailed a \$10 Gift Card Credit.

You are eligible for as many \$10 gift cards credits as meets you ride (only 1 gift card per meet regardless of the number of races you enter per meet)!

\*A meet must have 50 riders to qualify for the Race Gas Program.
