2023's Dirt Track Season Begins Soon!

The opening round of this year's season is scheduled at the Lodi Cycle Bowl for a double header TT and ST on the weekend of April 15th and 16th.

Besides all of the ST's and TT's hosted by Lodi MC and Stockton MC that will be held at the Lodi Cycle Bowl, the Humboldt Half Mile and a race in Santa Rosa hosted by Big Time Speedway are also on this year's schedule.

Don't forget to regularly check the D36 website's DT pages and the D36 Facebook pages for any date changes, postponements, cancellations or event/promoter additions.

Please remember that when there are multiple classes racing on the track at the same time, each class is to be scored separately in their individual classes for the D36 Series.

Come on out and enjoy all of the 2023 racing action - and bring a friend or two with you!

See you at the Races!

Jim Hutzler Award For Outstanding Contributions to District 36 & Motorcycling

2022 Recipient
Al Fitch

This award was created by District 36 in the name of Jim Hutzler (1943-2000) to honor him as an AMA Congressman and District 36 Board member for the more than 20 years of tireless and generous dedication that he gave to every aspect of motorcycling. He worked for 20 years as sales manager of many Northern California motorcycle shops. For the last 10 years, he worked for Lemans Corp. where he won numerous awards for high-volume sales as a Northern California sales representative. A life member of the American Motorcycle Association and District 36, Mr. Hutzler also was a life member of Richmond Ramblers Motorcycle Club.

The Jim Hutzler Award is given once a year at the District 36 awards banquet to honor and acknowledge someone that gives the highest level of service to District 36 in any area of activity.

D36 Enduro Steward's Report

At the end of the season, 2022 was a good comeback from the past few years with six enduros and four family enduros. Andrew Souza led the overall points for the first half of the season but he had a little bad luck and Kyle Boardman went on a winning streak to close out his third Overall Enduro Championship in a row. Congratulations Kyle on another great season!

In the Family Enduro series Leed Lulis led from the start of the season over last year's champion Jack Matoza and never looked back winning two of the four event overalls of the championship classes.

Many riders had great individual seasons, here are a few notables:

- Lane Mount with a top 5 in the A Overall Championship riding in the A Super Senior class, showing all the "experienced" riders how it's done.
- Ryan Wagelaar led the B overall championship wire to wire and earned a ticket to the "A" class for next season.
- Jodi Shumate won a competitive Woman's B class championship and placed top ten in the B overall championship
- Myles Henderson went to the top of the "C" overall standings after the first race and stayed there all season and will be moving on to the "B" class next year.

Kyle Boardman – 2022 Overall Enduro Champion, AA Class Champion, Fall Challenge AA/A Champion

This year also featured the Fall Challenge series consisting of results from the fall Cross Country and Enduro series. Kyle Boardman took the lead over the AA/A field with back to back wins in the enduros. He and Bryce Sumerall broke away from the pack by the start of fourth round as Bryce had some good finishes in the cross country rounds. In the end Kyle went into the last round with a comfortable lead by virtue of his two enduro wins

and two cross country top tens against some stiff competition. Congratulations Kyle on winning the big check for this one!

Thank you to all the enduro clubs that did a great job this year putting on events. Several events had not run in four or five years due to circumstances beyond their control. There was some rust, dust and snow this year but all events had some great racing, some fun and all featured good race day weather.

As 2022 comes to a close it is a time to look forward. 2022 featured six enduros run with two that were canceled, the most since 2017. Looking forward to 2023 there are 10 events on the schedule and all clubs are expecting to run their events this year barring any intervention from Mother Nature. The year kicks off with two new events for 2023, "That Dam Enduro" hosted by the Redding Dirt Riders with the promise of lots of newly cut single track for the tests.

NorCal MC will host the "Wilseyville Sprint Enduro" at the storied Wilseyville location, they also promise new fresh enduro trails for this event.

The Crosscut Family and Sawmill Enduro put on by Northbay MC will be back this year and they are working on the flyer for this event as this is being written. Note the venue change, it will be moving from Cow Mountain to Middle Creek due to lack of a BLM approved area to stage an event at Cow Mountain.

Another change for 2023 it is almost certain that the Fools Gold Enduro will switch to the Sprint format for 2023. This will mean 8 of the 10 enduros will use the Sprint format with all the spring enduros using the Sprint format this year.

D36 Enduro Steward's Report

continued

With the Family series the Crosscut will return with the Sawmill and the Crazy Miner will move to the spring on the same weekend as the Fools Gold. There should be six events for the series in 2023 and there is some discussion of maybe another joining the series in the fall.

Exciting news: 707 Racing Suspension has signed on as the Enduro series title sponsor for 2023. This is a great local company with deep roots in racing and D36 racer support with excellent products and services. Other major sponsors include: First Statewide Realty, Superbike Showroom, Honda-Kawasaki-KTM of Modesto, Racer Decal, Sierra Motorsports and Rocky Mountain ATV/MC. Please consider these businesses in your spending decisions as their contributions to the District and series directly benefit the clubs that bring you the enduros.

All in all 2023 looks to be a great season with the most enduros on the schedule in over a decade, so let's get out and support those clubs so the series will continue to grow. ♦

Our Club Spotlight is on Salinas Ramblers Motorcycle Club

The Salinas Ramblers Motorcycle Club is an American Motorcyclist Association and AMA District 36 chartered club based in Salinas, California. According to the club constitution, *"The purpose of this club shall be: to promote the cause of private motorcycling through greater public acceptance and understanding, and to enjoy all the rewards of gentlemanly comradeship."*

The Salinas Ramblers Motorcycle Club was founded in 1934 by Larry Ketzel, a factory sponsored hill climber and owner of the Harley Davidson dealership in Salinas. Over the years, the club has promoted a variety of motorcycle activities, including Gypsy Tours, hill climbs, dirt track, scrambles, motocross races and enduro competition. The Salinas Ramblers promoted the Quicksilver Enduro from 1973 to 2007 and it was designated a "National Enduro" from 1983 to 2007. SRMC currently puts on the Picacho Creek Hare Scrambles a popular Cross Country Race.

In 1968, 1969 and 1971, the Club was recognized as the "Top Club in the Nation" by the American Motorcyclist Association (AMA). ♦

  @HONDA_KAWI_KTM

SO YOU HAVE A 2022 OR NEWER COMPETITION BIKE... WHAT NOW?

District 36 used your LAO monies to again try and get legislation passed at the state government that would allow 2022 and later competition motorcycles (old red sticker) to recreate on public lands and SVRA's (prairie city and Carnegie and the like) but the Governor vetoed it even though it had almost unanimous support all the way through the legislative process (see article next page). The simple fact is the Governor and most of his "green" staff and advisors want off high way motorcycles gone, along with all other gasoline vehicles and a lot of other things we all hold near and dear. The Greenies have wanted us gone since we first laid knobbies on fresh dirt.

So what now... if you have a 2022 and newer competition motorcycle... the one that we all have been tearing the "competition use only" sticker off, you can still compete on it in sanctioned events on BLM, Forest and State lands, along with private property. That competition motorcycle was never intended to be allowed on public lands in the first place. District 36 and others convinced state and federal authorities for many years to allow those bikes to recreate on Forest, BLM, or State lands (red sticker program). But now because we live in California that time has come to an end.

There are many forest, and BLM districts in California and they seem to have different takes on how "they" may enforce non-registered (competition) vehicles. Some forests are not interested in what color sticker you have, just that you have one. Does an out of state sticker legally get a California resident off the hook... no because you are a California resident. Does a green sticker from another (dead) bike get you off the hook... no because your bike has a distinct vin number that tells what year and whether it's a competition bike or not. So if you choose to recreate on public lands with a 2022 or newer competition bike, do so at your own risk. The good news (for now) is that for the most part if you recreate in a responsible manner, have a spark arrestor, helmet and a good attitude, most forest and BLM folks aren't really interested in checking your sticker, just that you have one. District 36 has gotten a temporary agreement with some Forest, and BLM districts for an "education" period for riders with competition bikes to become informed. So it's your responsibility to be informed of the consequences where you ride.

Sticker found on 2022 & Newer Competition on bikes

In State SVRA's (Carnegie, Prairie City, etc.) it's another matter. The use is so intense those rangers are informed and have cell access to verify vin numbers. The good news here is that District 36 is working with the SRVRAs, Forest's, and the BLM for a permit process, much like snowmobiles use, to allow those competition motorcycles to used for competition on public land. And also to allow certain "practice" days (maybe in between events) to get into those same areas.

The really good news is that some platforms i.e.: KTM, Husky and Gas-Gas have street legal bikes that with little modifications can absolutely compete in our off road series, and still trail ride. And they are getting better because they see the need for a (barely legal) DOT bike that can also be a really good competition bike. The ISDE and World Enduro Champs can attest.

The Districts LAO program has been there every step of the way and has given us 30+ years of working with many agencies to allow our sport to succeed. And is committed to doing whatever it can to find more palatable solutions to these difficult challenges.

Stay tuned for further actions on this important challenge... Your D36 Staff ♦

WHAT'S TRENDING IN GOVERNMENT RELATIONS AND LEGISLATIVE AFFAIRS

by KALI KOTOSK

reprint from American Motorcyclist Association

NEWSOM NIXES CALIFORNIA'S FIX TO OFF-ROAD COMPETITION REGISTRATION

California Governor Gavin Newsom recently vetoed bipartisan legislation protecting off-highway vehicle competitions on public lands by setting up a new registration program with the California Department of Motor Vehicles. Senate Bill 894 would have re-

placed the two-decade old "red sticker" program administrated by the California Air Resources Board that expired last year (2021).

"Without the proper registration program, competitors, organizers and the entire motorcycle Industry are currently operating in a regulatory grey zone, without parameters that explicitly protect legitimate competitors from practicing and racing on public lands," Explained Don Amador from AMA District 36. In addition many rural California economies rely on regularly hosted competitions.

Senate Bill 894 was the culmination of three years of lobbying work and was co-sponsored by the Coalition for Public Access and the California Motorcycle Dealers Association. In Addition, it was supported by the American Motorcyclist Association, California Wilderness Coalition, Defenders of Wildlife, Motorcycle Industry Council, Off Road Vehicle Legislative Coalition, Sacramento Pacific International Trails Society, Specialty vehicle Institute of America, Tuleyome and Yuba Counties. "I recognize the economic benefits OHV competitions bring to rural communities, but I am concerned about the fiscal impact to implement the bill," New-

som wrote in his veto.

Senate Bill 894 was introduced by Senator Brian Jones and was easily approved in the California Assembly and Senate.

"Honestly the cost was in question," said Amador. "When we started working with the California agencies on this registration fix, we were told it would cost this much. Then we had a revised number which was much higher, and eventually, it was just left as an open-ended question.

The costly and antiquated California DMV registration system, along with a lack of input from California State Parks, is what likely torpedoed the bill, Amador said.

But while competition on public lands is still allowed, a lack of regulatory certainty could jeopardize that.

"We are now on Plan B," said Amador. "We will work directly with the Parks to set up a permitting program for competition that they would oversee. We need to fix the unforced chaos and confusion caused by a lack of a registration scheme." ♦

Obituary

Bob Noble

1947-2022

NorCal Motorcycle club is very sorry to share the sad news that Bob Noble has passed away. Bob was a very special person not just to our club, and the historic Wilseyville Hare Scramble race, but to the entire Wilseyville community. Bob's family has been involved with motorcycle racing since the first Wilseyville race and Bob has been instrumental in making sure this legendary race continues throughout the years.

He was a major part of the NorCal Motorcycle Club as he did the excavating and upkeep of their race course among many other things.

At the Wilseyville Hare Scrambles Bob was presented with his 1973 CZ that had been completely restored. He climbed on and took it for a short ride, pulling a wheelie for the crowd that witnessed the presentation of the bike.

Sadly, Bob passed away at the age of 75 while doing what he loved; working on the infield of the 2022 race this past weekend. Bob will be dearly missed and his passing will leave an irreplaceable void, not only for his family but for all the people that knew and loved him.

District 36 Membership Information

Did you know?

- D36 memberships expire on the last day of the month/year that is noted on the card, not the first day of that month. (Noted in the small print on the card or renewal notice.)
- Membership expiration dates don't get set by the exact day of the month you bought the membership. (See D36 rule 2.3)
- If you renew your membership timely, the expiration date extends one full year.
- If you wait longer than one month after the expiration date to renew, the expiration date will adjust according to rule 2.3.
- When a membership remains "expired" longer than one full year, there is no guarantee that the same membership number can be reassigned when it does get renewed. (See D36 rule 2.3)
- Membership numbers that have been in "expired" status longer than one year are subject to 'release' and they become available for new members, or for any member who has submitted a membership number change request.
- D36 Cross Country racing rule 7.6.10 specifies that all unranked A and AA class riders will use their D36 membership number as their bike (racing) number. It also specifies that all three number plates on the bike will display the rank number or the D36 membership number. (Please do not badger the scoring team to get them to program your transponder to any different number and please don't run other numbers on your plates.)
- D36 membership applications that are not signed with the valid/legal signature cannot be processed until the correct signature has been acquired. (Everyone 18+ years old must sign their own application. 18+ year olds are no longer eligible to be included on a family membership, even if they still live at home.)
- Receipts for memberships are only valid for 40 days. (D36 rule 2.8) If you do not receive your card within 30 days from the date you purchased the membership, please [Email Cat](#) (Membership Director)
- There is a lot of helpful membership related information on the D36 website - www.ama-d36.org. Go to the 'Resources' selection under the "Members" heading at the top of the home page. Also go to the 'Join' or 'Renew' selection and scroll down below the online application for additional information.

Membership Card Questions and Answers

District 36 Membership cards often cause a bit of confusion to new members . . . and often to those who have been a D36 member for a number of years, too!

The card size was created to be close to the size of a credit card - something that can easily fit into a wallet. With this size, we are limited to the amount of information that can be printed on the front sides of the cards.

When applications are processed, the cards are created in accordance to AMA and D36 rules.

Below are some explanations that might help answer some questions about your membership card.

- A. Membership Type. Only three membership types can be on a blue D36 membership card. The 'Sportsman' designation is for all members age 12 and older, "Mini Bike Rider" is for those ages 7/8-11 and Pee-Wee is for those up to age 7/8. (Veteran, Senior, Super Senior, Master, Pioneer, Woman, AA, Open, 200, 250, Vintage, Modified, Big Wheel, Clutchless, etc. are only racing classes - they are not a membership type.)
- B. Racing Classification. The racing class shown on all membership cards is what one's Sportsman (adult) classification is/would be. This is set by D36's rules and by the Discipline Stewards.
- C. Birth Date. A full birth date must be given on the application. If a full birth date is not provided, either 1/1/2050 will appear on the card - or, in the case that just an age (38 for example) was provided, then a guestimated month/date will be listed with the corresponding year to indicate the age of 38.
- D. The Expiration Date. A D36 membership expires on the last day of the month/year listed on the card. D36 memberships are valid one year from the month of purchase. (Example: If someone buys their first membership in the month of June, the expiration date will be the last day of the following May.)
- E. District 36 Membership Number. New members will be assigned the next available number when their application is processed. A membership number/letter cannot be assigned prior to an application being received and processed. All youth and all C class adults receive three numbers, plus letter, as their membership number. Membership numbers cannot begin with a zero. When a membership has remained expired for longer than one year, that membership number may be 'released' and then get reassigned to someone else. There is no guarantee that the same number will be reassigned to someone who renews an inactive membership that was expired for longer than one year.

Where Is My Membership Card?

From the date you apply for or renew your D36 membership, if your card does not get back to you by the 30 day mark, please contact d36memberships@gmail.com.

Always read all of the instructions and fill out the application completely, so that your application can get processed timely. Always save your receipt. Always allow enough mailing/processing time to get the card back before you need it.

If Applications are: too sloppy to read; missing a full mailing address; missing your contact phone number and email address; missing the correct signature; or, if they have not yet been given to D36 from the clubs . . . there may be a delay in receiving your membership card.

It takes a lot of effort to promote meets and new members or volunteers are always welcome...No experience needed. The plus side is that by helping to put on a meet you will learn the workings and why things are done the way they are, subsequently giving you an advantage when competing! AND...you earn “work” points!

Have A Rule You Think Needs To Be Added Or Changed?

The District 36 Operations Manual is a rulebook covering District 36 Procedures and Competition. Procedural rules are decided on by the District 36 Board of Directors and rules governing Competition are decided on by the District 36 Active Members (Clubs and Promoters).

Do you, as a current member of District 36, have a rule proposal you want to get submitted? If so you will need to fill out a Rule Proposal Form and submit it to the appropriate steward.....CC rules to the CC Steward, Jeremy Carlin, Enduro Rules to the Enduro Steward, Bruce Hendrickson, and Dirt Track Rules to the Dirt Track Steward, Carter Fisher. If your proposal is not discipline specific or applies to all disciplines you will submit your proposal to the Rules Chairman, [Bill McGibbon](#) and the Director of Competition, [Jeff Irwin](#).

We have rules for Rule Proposals and it's recommended

Rules submitted and approved take effect the following year

that if you're submitting a proposal you review the current [District 36 Operations Manual](#), section 1.6 Rulebook

The Rule Proposal form is editable (Download it first then you can fill it out on your computer and “save as”) or print them and fill them out by hand. To submit your proposal:

- Submitter must be a current District 36 Member.
- Fill out a [Rule Proposal / Change Form](#) completely.
- Submit the proposal by one of the following :
 - ◇ Send the proposal electronically to the appropriate person. You will find a list of steward contacts on our [District 36 Contact Page](#).
 - ◇ Hand it to a Steward at a meet.
 - ◇ Hand it in at a monthly D36 Meeting
 - ◇ Mail it to District 36 (see contact page)
